## Teaching Assistant

L0444.000500: Computational Core: Thinking with Computer — Sep. 2022 – Dec. 2022
Seoul National University (SNU), Seoul, Korea

M2608.001900: Introduction to Computer Vision — Mar. 2022 – June. 2022
Seoul National University (SNU), Seoul, Korea

## Skills

PyTorch, Python, C++, LaTeX

## Research Interest

My current research focuses on improving efficiency in deep learning. More specifically, I work on low-rank adaptation for fine-tuning large models on downstream tasks, as well as network pruning and quantization. My research interests also include continual learning and task-driven image super-resolution.
